2018
OUTCOMES REPORT
AN EXCITING FUTURE FOR THE CLASS OF 2018

The Rutgers University–Camden Class of 2018 graduates are poised to make a positive, meaningful impact on the world; in fact, they already have. Rutgers-Camden graduates have benefited from the innovative curriculum and rigorous experiential learning opportunities that they received on and off campus, and they leave with a depth of knowledge that’s informed not just by lectures and textbooks but by real-world situations with real-world results. They graduate ready to turn their robust, hands-on experiences into both employment and further academic scholarship. Whether in corporate, not-for-profit, or government industries, the head start they got here at Rutgers–Camden will last throughout their careers.

SUPPORT FROM START TO FINISH

The Career Center is dedicated to educating and empowering undergraduates, graduates and alumni in the career planning process by:

• Facilitating self-assessment and career exploration to develop a clear career objective
• Promoting avenues for experiential learning
• Providing assistance in job search and transition to professional life
• Cultivating and maintaining partnerships with employers
• Advising students preparing for post graduate study
• Serving as a resource to staff, faculty and community
